TO PROTECT PROPERTY

WEST VIRGINIA MILITIA REGIMENT CAMPED IN THE NEW RIVER DISTRICT.

SKIRMISH AT CAPERTON

About Twenty Shots Exchanged, but No One Is Injured—Strikers Open Fire on Nonunion Men Going to Work at Rush Run and Keep Up a Continual Fusillade on the Mines Throughout the Day.

Charleston, W. Va., Aug. 29.—Governor White has ordered the Second regiment of the West Virginia national guard to the New river district, not, as he says, to settle the strike, but to protect life and property. Colonel Morrison at Parkersburg was given orders early in the morning to call out his regiment and proceed by special train to Thurmond, which will be the headquarters. The cause for this action by the governor is the appeal of Sheriff Daniel of Fayette county for assistance, on the ground that many citizens refuse to respond to his summons to act as deputies to enable him to execute the orders of the court and his declaration that he is powerless to protect life and property. He communicated with the governor when his deputies were fired upon in the vicinity of Red Ash, where they were evicting miners, who are strikers and who are in arrears for rent.

Thurmond, W. Va., Aug. 29.—Everything is quiet in the New river coal field and has been quiet throughout the day, save a little skirmish at Caperton in which twenty or more shots were fired, but no one injured. The entire Second regiment, state troops, arrived here during the evening, and are being distributed about various coal operations whereon trouble resulted. Three companies of militia will be stationed at Rush Run, two miles west, where probably 500 shots were fired across the New river between strikers and guards. The strikers opened fire on nonunion men going to work and the guards returned the fire. None of the guards were injured, and so far as known no strikers were seriously hurt. The strikers gathered in the woodlands and rocky cliffs on the opposite side of the New river from Rush Run mines and kept up continual fire throughout the day. This led to the militia being ordered out. Almost every mine on the Kanawha and New rivers is being operated on a small scale. In these fields probably 2,000 miners are at work and 6,000 or 8,000 idle.

SHOT BY STRIKING MINERS.

Blacksmith Killed on His Way to Guard Mine Property.

Bluefield, W. Va., Aug. 29.—There is considerable excitement on Crane creek and Simmons creek over the recent shootings. John Ruble, a blacksmith employed by the Sagamore Coal and Coke company, was shot by striking miners and killed. Reports were current during the day that a number of the guards had been killed and wounded by the strikers, but investigation proved Ruble was the only man killed. Ruble, in company with Barney Shumate of this city, who had been employed as a guard, left the company store to go to a point on the works to stand guard as the company feared a visit from a mob. En route they were fired on and Ruble fell. Shumate was armed with a Winchester and opened fire on the miners, who, after their first volley, ran. None of them have been arrested. The nonunion men who took the strikers' places are terrorized and a good many of them are leaving.

W. H. McQuill, president of the Turkey Gap Coal company, was fired at through a window but was not hurt. A number of guards have been engaged and are being rushed into the field to give protection to the men who want to work.

DAY OF INTENSE EXCITEMENT.

Pennsylvania Militia Kept Busy in the Panther Creek Valley.

Tamaqua, Pa., Aug. 29.—After a day of intense excitement the situation in the Panther Creek valley has quieted down and the troops are enjoying a well earned rest.

Company K of the Twelfth regiment, under the command of Captain Helm, escorted the nonunion men to their homes in Lansford, Summit Hill and Coaldale. While large crowds of strikers gathered on the streets there was no hostile demonstration.

The officers of the Twelfth regiment stated that the Second battalion of that command, now stationed at Shenandoah, will be ordered here unless the situation is greatly improved. The battalion will be stationed at Summit Hill.

Colonel Clement, in temporary command of the detachment of the national guard in the field, issued an order to the troops on duty in the Panther Creek valley calling attention to a recent act of the legislature providing a penalty for the calling of obscene names. He directed that the officers in command rigidly enforce the provisions of the act.

MAY KEEP HER BABY.

Associated Charities Will Leave Mrs. Kellar of Keokuk, Ia., Alone.

Keokuk, Ia., Aug. 29.—A policeman accidentally found the now celebrated Kellar baby during the day in the south part of the city. He was serving a subpoena in another case when the excitement in the neighborhood convinced him that he was near the hiding place where the mother, Mrs. Vina Kellar, had concealed the baby. The people were much excited for a while, as they all favor the mother. They thought that Secretary Park of the Associated Charities had obtained a habeas corpus writ to get the sick baby from the custody of the mother who is acting as a special constable. It developed that when the mother was made a special constable and given charge of her infant, eleven months old, under arrest for vagrancy, in order to give her possession despite the operation of the new sociological law, she took it to her sister's house. The mother had instructions from her attorney to use necessary force to prevent anybody from taking the baby, unless with a court warrant. After finding the baby, the attorney for Secretary Park advised him not to use the authority given him by the construction of the law to take the baby from the mother, who was found by the trial court competent to keep it.

CHOLERA IN THE ORIENT.

Epidemic Said to Be Reaching Alarming Proportions.

Victoria, B. C., Aug. 29.—The epidemic of cholera is reaching alarming proportions on the other side of the Pacific, the outbreak extending further and having more victims than ever before reported. It extends from the island of Java to Japan and almost every city on the coast and many from the interior are affected. The disease, too, is being contracted by Europeans as well as natives. In Hong Kong, from the first of the outbreak to Aug. 6, there had been 525 cases, 6 of the patients being Europeans, and 51 deaths, of whom 4 were Europeans. In Tientsin the last report placed the number of cases for the year at 1,047 and 754 deaths within the city walls, and 1,015 cases and 593 deaths outside the city walls. In other places in China, proportions of cases and deaths is just as great. A dispatch says hundreds have died in Java. A writer from Kuelin Kan province says: "I write from a city stricken with a violent epidemic of cholera. People are dying by hundreds daily. Outside the city over 1,000 have died. Whole families are reported to have died."

In Japan the disease is working fearful havoc.

FIGHT TO A FINISH.

No Prospects of a Settlement of the Anthracite Strike.

Wilkesbarre, Pa., Aug. 29.—The officials at strike headquarters have settled down to the belief that there is no immediate prospect of an early settlement of the strike. While President Mitchell would not say anything himself, some of his subordinates have been of the opinion that the return of J. P. Morgan to this country would bring about a change in the situation favorable to the miners. The developments of the last few days, however, have entirely dispelled this view and now all that is heard is: "It is a fight to the finish."

At the offices of the local coal companies the information is given out that the output of coal in the Wyoming region is increasing daily. This is stoutly denied at strike headquarters and the minutes of a meeting of the employees of Avondale mine on file at President Mitchell's headquarters show that none of the hands formerly employed at the colliery have returned to work.

MGR. GUIDI APPOINTED.

Apostolic Delegate to the Philippines Named by the Vatican.

Rome, Aug. 29.—Mgr. Guidi has been appointed apostolic delegate in the Philippines. Mgr. Guidi is expected to hasten his departure for Manila in consequence of information received at the Vatican of the organization of a schismatic Catholic church in the Philippines. The Vatican professes not to attach much importance to the movement and declares it "cannot develop under the leadership of persons whose sole reason for organizing is because they are excommunicated from the Catholic church."

WHEEL FLANGE BROKE.

Twelve Loaded Freight Cars Run Off a Bridge.

Medora, Ill., Aug. 29.—Twelve loaded freight cars on the Chicago, Burlington and Quincy railroad went through a bridge near Kemper and the bodies of three tramps are believed to be under the wreckage. A St. Louis merchant, name unknown, who accompanied a shipment of fruit, was severely cut. The train was running at a high speed while crossing a bridge and a wheel flange broke, resulting in the wreck.

TWO KILLED OUTRIGHT.

Missouri Pacific Freight Crashes into a Construction Train.

Muskogee, I. T., Aug. 29.—A fatal wreck occurred on the Iron Mountain branch of the Missouri Pacific between Wagoner and Fort Gibson, I. T. A heavily loaded freight train crashed into a construction train while the crew were eating. Two men were killed outright and fifteen others injured. Some of the injured will die. No names are obtainable.

SIEGE OF AGUA DULCE

CLAIMED THE COLOMBIAN SOLDIERS CAN HOLD OUT TEN DAYS LONGER.

FORCES EVENLY MATCHED

Government Concentrating Troops From All Quarters at Panama and Colon to Meet the Expected Attacks on Those Ports by the Rebels Under General Herrera—Both Sides at End of Their Resources.

Washington, Aug. 29.—Advice received from Colombia state that the attacking force at Agua Dulce consists of practically all the rebels on the isthmus, about 2,500 in number, and the government troops who are holding out in the town number 2,200. The government forces are strongly intrenched and it is claimed that even without outside assistance they can hold Agua Dulce for ten days or possible longer.

Kingston, Jamaica, Aug. 29.—The steamer Nicaraguan reached here from Colon, Colombia during the day bringing reports that the situation on the isthmus is still critical. The Colombian government is concentrating troops from all quarters at Panama and Colon to meet the expected attacks at these ports of the rebels under General Benjamin Herrera. Considerable anxiety has been caused by the reported victory of the insurgents at Agua Dulce, especially among the British residents of Colon, who fear that that place may be attacked when no British warship is in the harbor. It is said upon reliable authority that both the Colombian government and the insurgents are nearing the ends of their resources.

DEMENTED WOMAN'S CRIME.

Fatally Assaults Her Mother and Sister and Drowns Herself.

Cincinnati, Aug. 29.—While suffering from temporary insanity Emma Bankard, a spinster forty years of age, attempted to kill her mother and her sister, Dorothy, and then committed suicide at their home four miles south of Covington, Ky. Mrs. Bankard and Dorothy were asleep in separate rooms at the time and each was dealt a terrific blow on the head with some blunt instrument, their skulls being fractured. Both probably will die. Having dealt, as she believed, a death blow to her mother and sister, Emma saturated the beds on which they lay with oil and applied a lighted match. As soon as the flames began to spread she ran to the cistern in the yard and jumped in, drowning before assistance could reach her. Neighbors succeeded in rescuing the two victims of the insane woman before they were harmed by the flames. Emma had been eccentric for several months, but the family did not consider her to be dangerous and permitted her to go when and where she pleased.

PECULIAR SUICIDE.

Woman Tied Her Head Over a Jet and Turned On the Gas.

Chicago, Aug. 29.—Apparently driven frantic by the fear that she might some time become insane, Mrs. John McCurdy, a bride of less than three

months, has killed herself in a peculiar shocking manner. Having first undressed, she put on a night gown, climbed to the top of the dining room table, and, having placed her mouth over one of the jets on the chandelier, tied her head firmly by means of heavy cords wound tightly around her neck. Then she turned on the gas. When her husband came home he found her dead.

Letters that the woman left behind lead to the belief that she was mentally distressed. She was twenty-eight years old.

AMERICANS HELD IN EUROPE.

Travelers Ready to Return Home Find No Room on the Ships.

London, Aug. 29.—Many of the Americans who are now in Europe are having all kinds of trouble in reaching home.

Desirable accommodations on all of the big liners have already been sold out up to Oct. 1, and the American visitors who have not yet secured their staterooms are confronted by the fact that they must either wait until the rush is over or else take quarters they do not care for.

It appears that nearly all of the visitors were seized with a desire to return home at about the same time, and as the steamship companies served the first comers first the ones who came late are forced to wait.

Double Drowning in Illinois.

Galesburg, Ill., Aug. 29.—Oliver Hunt and S. C. Wood, two pioneer residents of Galesburg, were drowned during the evening in a small creek near here. Their horse became frightened and backed off a high bridge. They were pinned under the buggy in one foot of water.

Mother and Children Murdered.

Little Rock, Ark., Aug. 28.—Mrs. Reese Wagoner, wife of a citizen of North Little Rock, and her two children, aged three and six years, were found dead in bed with their throats cut. It is believed Mrs. Wagoner killed the children and then cut her own throat.

Concentrator Burns at Butte.

Butte, Mont., Aug. 29.—The concentrator of the Montana Ore Purchasing Smelting works was destroyed by fire during the night. The works are owned by F. August Heinze, and one thousand men will be thrown out of work.

WILL EMPLOY NO MORE BOYS.

Western Union at Chicago Will Use Men and Girls.

Chicago, Aug. 29.—The Western Union Telegraph company has definitely decided that it will, in this city, employ no more boys as messengers. The boys have struck three times within the last month and the company has decided that it will employ them no longer. Girls will be used to carry messages in the business and residence districts. For the night work men will be used, and men will also be kept in the day time for the purpose of carrying messages into the undesirable parts of the city. The change will be made at once.

MARRIED SIXTY-FIVE YEARS.

Parents of the Late Senator C. K. Davis Celebrate Remarkable Anniversary.

Yankton, S. D., Aug. 29.—Mr. and Mrs. N. M. Davis, parents of the late Senator Cushman K. Davis of Minnesota, in this city celebrated the sixty-fifth anniversary of their marriage. Mr. Davis is almost ninety-two years old and his wife is eighty-eight. Both are hale.

ANOTHER STRENUOUS DAY.

Miscarriage of Arrangements the Feature of the President's Tour.

Newbury, N. H., Aug. 29.—President Roosevelt is the guest of Secretary of State Hay, whose summer home is situated a few miles from here along the shores of Lake Umbagog. The secretary and his daughters met the president upon his arrival, and joined with the assemblage in extending him a hearty welcome.

The president delivered a brief address to the townspeople in which he thanked them for their greeting. He then entered Secretary Hay's launch Nomad and steamed to the Falls.

New Hampshire's arms were open during the day in readiness to receive the president. Long before he was awake a committee representing the governor boarded the train. The welcome they extended to him on behalf of the state was magnified later in the day in the smaller towns through which the train passed, and, at Nashua, Manchester, The Weirs and Concord, although the day was replete with the miscarriage of arrangements.

At The Weirs, where the Grand Army reunion was held, the people, in the excess of their desire to accord the president a fitting reception, came near causing a crush which might have resulted disastrously. As it was the president was for a time in the midst of a howling, surging mass, and was all but carried off his feet. So inadequate were the police arrangements that the crowd had entire control of the situation and much relief was expressed when the president, after reviewing the veterans, was escorted into the hotel for luncheon. Here again the carefully laid plans for his entertainment went astray, luncheon being finally served through the gallantry of the governor's staff, who turned in and acted as waiters.

The president's speech at the park

where the veterans were gathered, was most favorably received. As in the case of Bangor, he admonished his hearers to remain still and not to shove. A great crush occurred at Concord as the train was pulling out and for a time it was feared people would be hurt.

STRONG ANTI-PALMA FEELING.

Cuban President Has Practically No Newspaper Support.

Havana, Aug. 29.—President Palma finds himself today without the support of a single newspaper controlled by Cubans. The editorials published in the Cuban press are, considered collectively, remarkable for their bitterness and outspoken opposition of the chief executive. The only paper which supports the president is the Diario de la Marina, formerly the organ of the Spanish government and at present representing the Spanish colony in Cuba.

One of the principal causes of the opposition to President Palma seems to arise from the fact that he granted the Castaneda concession for the establishment of an electric light plant at Havana. This concession has been a subject of bitter discussion in the house of representatives and some members of the house are demanding Senator Palma's impeachment unless the concession is rescinded. The impeachment matter has been upon the table for the past week. Both houses of congress have become badly disorganized over this question and the result has been a strong anti-Palma feeling.

PECULIAR SUICIDE.

Woman Tied Her Head Over a Jet and Turned On the Gas.

Chicago, Aug. 29.—Apparently driven frantic by the fear that she might some time become insane, Mrs. John McCurdy, a bride of less than three

months, has killed herself in a peculiar shocking manner. Having first undressed, she put on a night gown, climbed to the top of the dining room table, and, having placed her mouth over one of the jets on the chandelier, tied her head firmly by means of heavy cords wound tightly around her neck. Then she turned on the gas. When her husband came home he found her dead.

Letters that the woman left behind lead to the belief that she was mentally distressed. She was twenty-eight years old.

AMERICANS HELD IN EUROPE.

Travelers Ready to Return Home Find No Room on the Ships.

London, Aug. 29.—Many of the Americans who are now in Europe are having all kinds of trouble in reaching home.

Desirable accommodations on all of the big liners have already been sold out up to Oct. 1, and the American visitors who are confronted by the fact that they must either wait until the rush is over or else take quarters they do not care for.

It appears that nearly all of the visitors were seized with a desire to return home at about the same time, and as the steamship companies served the first comers first the ones who came late are forced to wait.

Double Drowning in Illinois.

Galesburg, Ill., Aug. 29.—Oliver Hunt and S. C. Wood, two pioneer residents of Galesburg, were drowned during the evening in a small creek near here. Their horse became frightened and backed off a high bridge. They were pinioned under the buggy in one foot of water.

Mother and Children Murdered.

Little Rock, Ark., Aug. 28.—Mrs. Reese Wagoner, wife of a citizen of North Little Rock, and her two children, aged three and six years, were found dead in bed with their throats cut. It is believed Mrs. Wagoner killed the children and then cut her own throat.

Concentrator Burns at Butte.

Butte, Mont., Aug. 29.—The concentrator of the Montana Ore Purchasing Smelting works was destroyed by fire during the night. The works are owned by F. August Heinze, and one thousand men will be thrown out of work.

WILL EMPLOY NO MORE BOYS.

Western Union at Chicago Will Use Men and Girls.

Chicago, Aug. 29.—The Western Union Telegraph company has definitely decided that it will, in this city, employ no more boys as messengers. The boys have struck three times within the last month and the company has decided that it will employ them no longer. Girls will be used to carry messages in the business and residence districts. For the night work men will be used, and men will also be kept in the day time for the purpose of carrying messages into the undesirable parts of the city. The change will be made at once.

MARRIED SIXTY-FIVE YEARS.

Parents of the Late Senator C. K. Davis Celebrate Remarkable Anniversary.

Yankton, S. D., Aug. 29.—Mr. and Mrs. N. M. Davis, parents of the late Senator Cushman K. Davis of Minnesota, in this city celebrated the sixty-fifth anniversary of their marriage. Mr. Davis is almost ninety-two years old and his wife is eighty-eight. Both are hale.

LABORER NEARLY CRUSHED TO DEATH

Man Working for the M. & I. At the Landing was Badly Crushed this Morning.

WAS PICKED UP FOR DEAD

Taken to N. P. Sanitarium Where it was Found One Leg Broken—Otherwise Injured.

Abraham John, a laborer, working for the Minnesota & International at the landing was horribly mangled up this morning and the physicians at the hospital are not sure that he will ever recover. He was engaged in unloading some logs when two of the logs on top rolled off and hit him on the head. He was thrown to the ground and the logs rolled over him, and when picked up he was in an unconscious condition. He was rushed to the N. P. Sanitarium where medical aid was given at once. It was found that his left leg was broken and otherwise seriously injured.

John worked for the Brainerd Lumber company for a long time and he is well known in the mill district. He has a wife but no children.

Labor Day Proclamation.

The first Monday in September of each year has been designated by the legislature of the State of Minnesota as Labor Day. Brainerd is essentially a city of working men, and these sturdy toilers in the shops, the mills, the foundry, the factories, the stores, the woods, or elsewhere, as

FUSION IN NEVADA. Silver and Democratic Conventions Agree on a State Ticket.

Reno, Nev., Aug. 29.—The Silver party convention during the day made these nominations: Lieutenant governor, L. Allen of Churchill county; supreme judge, G. F. Talbot, Elko; secretary of state, Eugene Howell; treasurer, David Ryan; surveyor general, E. D. Kelly; regent of state university, C. E. Mack, Storey.

The Democratic convention made these nominations: United States senator, F. G. Newlands; representative in congress, C. D. Van Duser; governor, John Sparks; attorney general, James G. Sweeney, Ormsby; superintendent of public instruction, John Edwards, Brace; regent of state university, W. W. Booker.

This practically completes the labor of both conventions and all that remains to be done is for them to meet in joint convention and ratify the nominations made. The fight for United States senator promises to be a hard fought battle between the Republican and fusion parties.

TREASURY ROBBED.

Edmunds County, S. D., Loses \$2,700 in Gold Through Thieves.

Aberdeen, S. D., Aug. 28.—It has just leaked out that the county treasurer of Edmunds county on Aug. 16, found \$2,700 missing from his safe and vault in the court house, and that an effort has been made to keep the matter a secret. The idea is said to be that the detectives who are employed on the case can do better work under such circumstances, sleuths from the East having been brought to spawich to work on the case.

It is alleged that the vault door was locked and all right when the treasurer went to open it on the morning of the 16th. The safe in the vault was open, however, and \$2,700, all in gold, was missing. About \$50 in bills was found intact, and between \$100 and \$200 in gold had not been disturbed. It is considered evident that the robbery was committed by somebody familiar with the office or the habits and hours of work in the building, and it is thought possible that the theft was committed during business hours.

TRIPLE TRAGEDY IN NEW YORK.

Double Murder and Suicide in the Apartments of a Woman.

New York, Aug. 28.—Lizzie Otto, formerly of Stroudsburg, Pa., Arthur Campbell of this city and Christian Gans, government tailor at Fort Hancock, are dead as the result of a tragedy which took place in the apartments of the woman in East Twenty-fifth street, where she was known as Lizzie Hall. The woman and Campbell, it is believed, died almost instantly. Gans died in Bellevue hospital later.

It is said by the police that Gans shot the woman and Campbell because he objected to the presence of the latter there. Then he fired a bullet into the base of his brain, striking the spinal cord.

LATIMER IN THE LEAD.

Likely to Succeed Senator McLaurin of South Carolina.

Columbia, S. C., Aug. 27.—Democratic primaries for the nomination of governor and a state ticket, congressional representatives and state legislators were held throughout this state during the day. Ballots were also cast to determine a successor to United States Senator McLaurin. It is estimated that 90,000 votes were recorded, but on account of late returns only 20,000 votes had been reported up to midnight.

Owing to the South Carolina primary law, which demands that successful candidates must receive a majority of the votes cast in primaries, it is entirely probable that a second primary will be ordered, in which the two leading candidates for every office who failed to receive a nominating vote will be entered. Every nomination, with the single exception of state treasurer, was bitterly contested.

From returns that have been received it is understood that D. C. Heyward of Colleton is far ahead in the race for the gubernatorial nomination, with ex-Congressman Tolber second and Lieutenant Governor James H. Tillman third.

Partial returns from forty-one counties show that in the contest for the United States senatorship to succeed Senator McLaurin, Congressman Latimer leads and therefore will be in the second primary. His probable competitors will be either D. G. Henderson of Aiken or ex-Congressman J. J. Hemphill.

At 3 o'clock a. m., according to complete returns from all over the state, Congressman Latimer leads the race for United States senator with over 12,000 votes.

I got a supply of Doan's Kidney Pills from a drug store and can state that they had the effect of completely altering the condition of my kidneys referred to above. I shall certainly continue to advise others to use this remedy if annoyed any way from their kidneys."

MUSIC AND DRAMA.

BARBOUR STOCK CO.

The Barbour Stock Company which comes to the Brainerd Opera House Monday night for a weeks engagement will undoubtedly be greeted with packed houses. After a very successful engagement of six weeks duration in Duluth to a truly wonderful business, they will undoubtedly receive a cordial welcome from Brainerd theatre goers. Of the four stock organizations seen in Duluth and West Superior this season, this company has proven the favorite of them all and has done more business than all the rest combined. Their plays are staged in an excellent manner, the cast is good and the specialties are many and of a very high class, making the performances much better than many of the higher priced attractions. The Levey sisters, who will be seen with this company, have just concluded an eight week's engagement over Keith's Vaudeville Circuit down East, and they are undoubtedly doing one of the best Sister Acts in America today. Other favorites in the vaudeville line to be seen during the engagement will be the Godleys, the Little Girl with the big voice and others. Sale of seats opens tomorrow morning at H. P. Labor Day Proclamation.

The first Monday in September of each year has been designated by the legislature of the State of Minnesota as Labor Day. Brainerd is essentially a city of working men, and these sturdy toilers in the shops, the mills, the foundry, the factories, the stores, the woods, or elsewhere, as

the case may be, are the true bulwark of our city's progress and prosperity. Labor Day will be fittingly observed under the auspices of the organized labor of our city and it is meet and proper that on that day all labor cease, and employers and employees co-operate with one another to carry out the purpose and spirit of the law.

I would therefore request that on Monday, Sept. 1, 1902, our citizens rest from their usual vocations, and by fitting and proper observance give due recognition to the dignity of labor, as recommended by Gov. Van Sant in his proclamation.

PAIN'S FIRE WORKS.

One of the Standing Attractions at the Minnesota State Fair—New Thing—"War in China."

Magnificent displays of fire works have become one of the regular features of the Minnesota State Fair. The larger part of the evening performance each night of the fair week is taken up with a spectacular pyrotechnical drama and for several years these have been put on by the famous Pain's Fireworks Co. of Chicago. This year the latest thing produced by the Pains will be given at the fair and it will be the best that has ever been seen in the west. It is called "War in China," and is based on the military operations of the allied powers a year or so ago. The play is put on a stage 200 feet long with several hundred people in the caste and all accessories for a great spectacle. Each night the show will close with a tremendous display of rockets, bombs and other fireworks of the highest order.

All railroads leading to Minneapolis and St. Paul have made one-half fare rates for fair week from September 1 to 6.

the Appointment of a Successor

PARKS MAY BE SLATED FOR JOB

Friends Would Like to

E. O. Parks, division storekeeper of the Northern Pacific in this city, was called to St. Paul last night, and while there is nothing definite, it is more than likely that he was called there to confer with the officials regarding a successor to R. M. deLambert, general storekeeper of the road, who died some days ago. Since the death of Mr. deLambert, those on the inside have intimated that the position would of natural consequence go to Mr. Parks. He is next in line for promotion to this important office and stands high with the Northern Pacific officials.

It is not known that Mr. Parks will get the position but if he does he has countless numbers of friends who will be glad to see him land the job.

Meets Tuesday.

The state board of equalization meets Tuesday at the state capital. The assessments this year appear on the surface to present more irregularities and unevenness than heretofore. In a large number of counties the assessments on land have been increased over 50 per cent, while in others it has been decreased, and the board will have to decide the problem of how to equalize the item, by either reducing all the increased assessments to bring them within hailing distance of the low assessments, or by dropping the high ones slightly and raising the low ones and thus establish a meeting place between the two.

THE LINE OF MARCH.

Labor Day Will Be One of the Biggest
Holidays Brainerd Has Ever
Seen.

President Pippy, of the Trades and Labor Assembly, has appointed O. R. Burdette marshal of the day, and in a day or two he will announce his aides. The line of march will be from Third avenue in East Brainerd to Kindred street thence to Kingwood to Fourth street thence south to Front street, east to Eighth street and south to Laurel street and west to Sixth street.

The following is the program of sports for the day.

Best appearing float in parade.—First prize \$40; second \$35; third \$30; fourth \$25; fifth \$20; sixth, \$15.

Best appearing marshal—First prize, \$5; second prize \$3.

Best appearing union—First prize, \$15; second prize, \$10.

Largest body of men in parade \$15.

Most comic turnout, \$5.

Tug of war, \$30.

DEATH CLAIMS A NOTABLE CITIZEN

Lyman P. White Dies Last Night
at the Advanced age of
Ninety-one Years.

A WELL ROUNDED CAREER.

Was First President of Common
Council and Settled Here in
the Year 1870.

Last night about ten minutes before 12 o'clock, death entered the chambers where lay the mortal remains of Lyman P. White, and removed from the body all that was immortal, and with this end Brainerd loses one of its most notable and distinguished citizens, one of her first settlers and the moulder and generator of public enterprises in Crow Wing county.

Mr. White came to this city in October, 1870, as agent for the Lake Superior & Puget Sound Co., which was then one of the subsidiary concerns of the Northern Pacific railroad company. He came here through his acquaintance in the east with officers of the company and continued in their service for about twenty years. He was eminently successful in business and was one of the most vigorous men that ever planted feet in the state of Minnesota. The lumber for the present house in which he lives was brought to Brainerd from Sauk Rapids by team, and he had lived in this one place since 1870.

Lyman P. White was for years termed the "Father of Brainerd" by its inhabitants and many of the old timers remember him under such a cognomen. When he moved here the Indians dominated almost entirely and he was called by them the "Big White Father." He was a man in those days, though sixty years of age, of fine physique, about six feet tall with broad shoulders and a powerful frame. He never knew what a days sickness was and never contracted a disease, not even up to the hour of his death. He was born in Whiting, Vt., January 31, 1811, and was one of a family of eleven children. Before moving to this city he had quit a notable career. His father participated in the battle of Bunker Hill and soon after peace was declared he became one of the first settlers of Whiting, named after him. L. P. White's early advantages were none better than the majority of New England sons at that time but his natural ability, quick perception and sound common sense, placed him in the foremost ranks in business and political circles of the state of Vermont. When just passed into majority he was elected sheriff of Addison county, and after that was a member of the Vermont state legislature for several terms. Time and again he declined good government positions preferring business rather than political distinction. He was also appointed judge advocate general of the state for a term or two, and from this position he took the title of general.

Gen. White moved to Chicago in the spring of 1859. Previous to this time he held the position of purchasing agent for the Rutland & Burlington Ry. for twenty years. He resigned this position to go to Chicago to accept the position of general purchasing agent for the Chicago & Northwestern Ry.

He stayed with the company for twenty years also before taking a position with the Lake Superior & Puget Sound Company. He remained with this company and its successors until about two or three years ago when he was incapacitated for work on account of old age. He worked almost up to the last laboring with the energy that was a prominent feature of his life's course. He was sixty years of age when he came to Brainerd but was full of vigor and energy at the time and carried on an immense business here. The Lake Superior & Puget Sound Company owned the townsite of Brainerd along with the townsites of Moorhead, Perham, Detroit, Frazee, Aitkin and other towns and Gen. White acted in the capacity of agent for all these townsites. He sold all the lots in Brainerd in the first place and in those days the rush was terrific. Mr. White had to do with the platting of the city in September 1871. In the same year measures were taken for the erection of the first jail and court house and the contract was awarded to Mr. White. During the latter part of the year a

charter was obtained authorizing the organization of the City of Brainerd and on the 11th of January, 1873, the common council was organized with L. P. White as president. Mr. White also took active part in the organization of the First National Bank of this city. During the same season the independent school district of Brainerd was organized with L. P. White as its first clerk. Thus it can be seen that he had much to do with the early organization of the city government and the establishment of a city among the pines.

Gen. White was also closely affiliated with the religious interests of the city and has been senior warden of St. Paul's Episcopal church in this city since the church was organized. The first religious service in Brainerd was attended by Mr. White, which was in 1870. The present Episcopal church was consecrated May 24, 1873, by Bishop Whipple, and L. P. White was one of its first officers.

Some great tales are told of the history of Brainerd in the first days of its existence. After building the residence, which is on the corner of Juniper and Eighth streets, it is said that Mr. and Mrs. White had at their first Christmas dinner several prominent guests, consisting of eastern capitalists. These men drove overland from St. Cloud, there being no railroad at that time. At great trouble and expense, turkeys, chickens, oysters and all delicacies of the eastern market were brought in for the occasion, but before the guests sat down Indians had made their way into the house and skulled every morsel from the table. This is told simply to illustrate the primeval condition of things in Brainerd at that time. Mr. White was very successful in the management of the Indian, however. During the time that he was mayor here he had an ordinance passed, that all Indians found within the city limits after dark should be locked up, and it had a good effect.

Up to the time that the old gentleman died, his mind was very clear and he took particular interest in the events of the day. Only yesterday afternoon he called his son A. A. White and asked him to read the most recent accounts of the strikes in the east in which he has taken considerable interest. He also inquired about his friends and conversed in a most rational manner.

At the time of his death his two sons, W. H. White and A. A. White with their families had gathered about the bedside and also his loving wife. It was apparent late last night that the end was very near, yet there was no agony. He dozed and slumbered quietly and hardly a sound could be heard until he took his last breath and went into eternal sleep.

There are three daughters and two sons besides a loving wife to mourn the loss. The children's names are: A. A. White, of St. Paul; W. H. White, of Fargo; Mrs. S. M. Stiles and Miss Josephine White, of Hartford, Conn., and Mrs. H. H. Barber, of Minneapolis. They have the sympathy of the entire community in their affliction.

Deceased was one of the best known men in a business way in the northwest and particularly so along the Northern Pacific line. He was always upright and honest in his dealings, patient and loving in his home, and faithful and conscientious in his religious work.

The funeral will be held on Sunday afternoon but it has not been decided whether at the late home or at the church.

To Go to St. Louis.

Duluth National Guardsmen are interested in a movement to have the Minnesota infantry, brigade and artillery battalion encamp at St. Louis, Mo., in 1904, instead of at Lake View, says the Herald.

Should the plan carry, the Minnesota National Guard will occupy a conspicuous place in the big military exhibit of the Louisiana Purchase exposition.

The annual appropriation of \$2000 for guard maintenance is sufficient to pay the transportation and furnish food for the soldiers while in camp, but the men, if they make the trip on the present appropriation, would be compelled to give up their claim to salary.

It would be a cheap way of seeing the big exposition, and at the same time it would bring the National Guard of this state into prominence throughout the country.

SERIOUS AND URGENT PROBLEM.

London Telegraph Discusses the South
African Negro Question.

London, Aug. 29.—Apparently in-
spired by the native problem, which
is looming up in South Africa, the
Daily Telegraph publishes a signifi-
cant editorial article on the negro
question, which, it insists, is for the
Anglo-Saxon race a more serious and
urgent problem than the yellow dan-
ger. The paper confesses that the
ideals which underlaid the emancipa-
tion movement have quite failed of
realization, that it has been proved
throughout the world that the negro
is incapable of working out his own
salvation and that the theory of elec-
toral equality is a delusion mischiev-
ous to both negroes and whites.

Negro franchise in the Southern
states of America, says the paper, is
already a farce and its suppression in
all but exceptional cases cannot in all
probability be permanently deferred.
In conclusion the article asks "what
is to be the ultimate destiny of the
vast and multiplying black population
in South Africa? That is the problem
which looms behind every other."

POOR COUNTRY FOR YEARS.

Outlook in the Transvaal Not a Bright
One.

London Aug. 29.—A dispatch from
Pretoria to the Times in which the
correspondent voices the popular pro-
test against the attempt to increase
the tax on mines with a view of mak-
ing the new colonies contribute to the
cost of the war, says well founded re-
ports credit Joseph Chamberlain,
British colonial secretary, with the
idea of getting from \$250,000 to \$500,
000,000 from the colonies for this pur-
pose.

"It is well to face the facts," says
the Times correspondent, "and the
facts are that for many years to come
there will be no prospect of the Trans-
vaal having any surplus above what is
necessary for the proper development
of the country. It is obvious that any
attempt to exact even \$250,000,000
would permanently hamper the re-
sources for what at best will for years
remain a poor country, dependent up-
on a single industry."

HEAVILY TAXING THE PEOPLE.

Provincial Governors of China Said to
Be Misappropriating Money.

London, Aug. 29.—The Shanghai
correspondent of the Times cables
that besides heavily taxing the people
the provincial governors of China are
utilizing the indemnity to be paid the
foreign powers as a pretext for rais-
ing loans and are corruptly appropri-
ating large sums of money to their
own purposes. As an instance of
this, the correspondent cites the case
of the governor of Chekiang, who ob-
tained a loan of \$140,000 from an
American bank at Shanghai on the
pledge that he was unable to meet the
demands of the revenue board. The
governor's application for a loan was
accompanied by a particular request
that the bank would communicate the
governor's difficulties to the Ameri-
can minister to China.

HUNDREDS OF SHOTS FIRED.

Number of Porto Ricans Killed in

San Juan, Porto Rico, Aug. 29.—
Three persons were killed, three mor-
tally wounded and several others se-
riously injured in a political riot which
occurred in Humacao Tuesday.

Hundreds of shots were fired dur-
ing the disturbance and peaceful citi-
zens were terrified. The outbreak
caused great excitement throughout
the island and several minor distur-
bances were reported.

An attempt was made Sunday to as-
sassinate representatives of the Ameri-
can Federation of Labor in Mayaguez.

THREE SUSPECTS ARRESTED.

Spokane Police Holding Them for the
Northern Pacific Train Robbery.

Spokane, Wash., Aug. 29.—Three
men suspected of being members of
the band of robbers that held up the
Northern Pacific train near Sand
Point, Sunday night, are in jail here.
They were arrested in this city on de-
scription given by William Pearson,
a Chicago tramp, who was on the ten-
der of the train when the robbers took
possession. The prisoners gave their
names as Thomas McDonald, Frank
Niff and J. W. Murry. They deny all
connection with the robbery.

North Carolina Republicans.

Charlotte, N. C., Aug. 29.—The Re-
publican state convention met at
Greensboro during the day and en-
dorsed the candidacy of Thomas H.
Hill of Halifax (independent) for
chief justice of the supreme court, and
left blank the positions of associate
justices. The convention adopted a
resolution accepting the constitutional
amendment of disfranchisement and
binding the party not to contest the
amendment's constitutionality. The
convention was composed entirely of
white men.

manuel of Italy, accompanied by the
German emperor and empress, the
crown prince, Frederick William, and
Signor Prinetti, the Italian minister of
foreign affairs, escorted by a detach-
ment of cuirassiers, made his state
entry into Berlin during the day. The
weather was splendid. The imperial
chancellor, Count von Buelow, and the
Italian ambassador to Germany, Count
Lanza di Busca, met the royal party at
Dor station, whence they drove
through the gaily decorated streets to
the Brandenburg gate, where they
were formally welcomed by the civic
authorities.

adjusted and that all danger of a
strike has been averted.
